## **9. DISTANCE.**

Distance zones are marked.

In total there are 2 distances: 7+ km and 14+ km. Planned distance lengths can be changed before the day of competition:

- 7 km with 15+ obstacles;
- 14 km with 30+ obstacles.

The distance includes refreshing stop with water.

There is 1 water station in 7 km distance and 2 water stops in 14 km.

The route of distance includes terrain landscape with many natural obstacles.

Participants must strictly follow a zone of distance. If participant leaves distance zone, he must return to track at the same spot where he left it.

### Time control.

The time is controlled for every participant with microchip attached to hand/leg below ankle or photo finish during the distance run. Every participant takes responsibility for the time control microchip from the moment when it has been provided up to the moment when the participant crossed the finish line and returned it back to organizers of competition. Non return microchip fee – 70 Eur. If the distance controlled by photo finish each participant is responsible for ensuring that the membership number is fixed throughout the running time and the number is clearly visible crossing the finish line.

Maximum time for distance run is 3h. If distance hasn't been closed in 3h, the participant or team is disqualified and result isn't recorded.

### Obstacles of distance.

Wooden barriers of different size and form, rope nets, barbed wire obstacles, various other overcoming constructs – auto tires, ice-cold water pools, trenches, dust pits, natural water containers and other natural formations.

Distance tasks include carrying sandbags and wooden blocks, tractor tires dragging and etc.

In case of non-overcomeable obstacle the participant must perform penalty exercise. The instructions on exact exercise will be provided by referee at corresponding obstacle.

## 10. SEASON OVERALL RATING

The total score is counted in women's, men's and team classes in each of the distances. The system of individual total points is calculated according to the principle - 1st place 1000 points, 2nd place 999 points, 3rd place 998 points and down. It is important to keep the same team name in the team classification throughout the season, the number of participants may change. In the system of team total evaluation points is calculated according to the principle - 1st place 1 point, 2nd place 2 points, 3rd place 3 points...

The number of races takes into account in the final evaluation of the end of the season - one race of the season is excluded. If there are 4 races in the season, the overall best results are taken from 3, if there are 6 races - the 5 best results. If the results are equally, at the end of the season, the participant or team that has shown the best result in the last race is awarded. The winners of the 1st place in each class are awarded.

## 11. REWARDS.

The winner will be determined after finishing time, the rewards are for men and women classes. The rewards are given to the first 3 places in every class.

**Only participants who will be on award winning pedestal will receive prizes and medals.**
